LOCKWOOD KEYLESS DIGITAL DEADBOLT LEDDB/SCYL/SIL

Description

Ideal for use on new doors or as a replacement on an existing door lock on your home, the key-less digital deadbolt is also suitable for internal and light commercial doors as storerooms and shop fronts. The Lockwood key-less digital deadbolt offers you flexibility with the use of a master pin code, 20 user codes and a visitor code that can be valid for up to two weeks. It also has a weather resistant keypad, low battery warning, key override for emergencies and many more features for your safety and convenience. Lockwood recommends the use of 4 x AA alkaline batteries.
